K&I INTRODUCTION

K&I was established in 2002, and since that time it has been involving in representing companies. The agency agreement was not profitable till K&I represented some Hughes subsidiaries.

After the liberation of Kuwait, new partners have joined the board, and decided to qualify, and get involve in the contracting/construction activity. The company has secured some contracts with KOC, which was the start of the new era, till the prices of the bids start declining, and the competition was at its worst. K&I management has decided to hold the participation in further tenders, and release all personnel related to the contracting division. In the current market there are so many bidders with little or no standardized pricing, making comparison a very difficult task.

Scope of work

The work scope of K&I consists of representation of international companies in Kuwait with emphasis on the petroleum sector. Our contracting sector includes the planning, supply, maintenance and practical application

of manpower, Equipment's, operations and maintenance both to the international companies and direct to the Kuwait Oil Company, the Kuwait National Petroleum Company and the petrochemical industries in Kuwait.

We are very proud of the reputation have earned in meeting aggressive schedules & our ability to assemble multi-disciplinary project teams to provide our client with top quality service.

OUR WORK STRATEGY & MISSION

Karam & Irshad is specialized in outsourcing, supplying and managing all manpower categories in the Heavy Industries like the Oil & Gas, Engineering, and Construction as well as on other service sectors like Manufacturing, hospital staffing, cleaning services,

maintenance works, ITs, Banks, Hotels staffing and Transportation etc.
